Podcasting Your Business

Podcast Services

We are a specialist Podcast Production Company. Our Podcasts are of the highest quality and utilise all available functionality for the best possible user experience. Below is a list of podcast related services that we provide. For more information about our services and for an accurate cost please [Contact Us](#)

Enhanced Podcast Production

At Podcast Digital we create **Enhanced** Podcasts. This means that your podcast can have chapters and marker points throughout - each with their own image/graphic, text and unique web-link

Users can skip through chapters, view images and click on interactive links to webpages. We can also link users to downloadable files such as Word Docs, PDF's and other downloadable files and media

Please note - We test all of our podcasts before publishing to ensure cross platform compatibility for both Mac and PC platforms

On-site Digital Audio Recording

High quality audio recording services. Conference recordings, seminars and training etc. Extra charges may occur for travel

Audio Post-Production, Mixing, Editing and Mastering

Removal of any unwanted audio. Clear and balanced mixes ensure professional sounding recordings. We can encode and output to almost any audio format and also video formats

Podcast Hosting on specialist, optimised music servers

Mirrored, high-speed Intel Pentium based servers. Ensures the fastest possible downloading of podcasts for your users
